

YES-EU 180/2

OVERVIEW

Engineered for indoor and outdoor performance across the continent, this intelligent dual-gun station delivers massive energy output with the unique capability to scale its power as your fleet's demands expand.

SPECIFICATIONS

Charging power	Interface
180 kW, upgradable to 240 kW	7" colour touchscreen · RFID
Max output current	Communication
200 A	4G · Ethernet
Output voltage range	Smart control
150-1000 Vdc	OCPP 1.6J remote management
Supply voltage	Operating temp
400 Vac	-20 degC to +50 degC
Max input current	Protection
277 A	IP54
Charging standard	Dimensions (WxDxH)
IEC 61851-1 / -23	800 x 800 x 2000 mm
Connectors	Weight
2 x CCS2 · 5 / 7 m	350 kg
