

YES-EU 120/2p

OVERVIEW

The YES-EU 120/2p Public DC Charger is the ideal high-capacity solution for busy locations, providing robust 120 kW power tailored specifically for public networks. With its native Nayax payment integration and robust all-weather design, it guarantees swift, hassle-free top-ups for drivers while maximizing vehicle turnover at high-traffic sites.

SPECIFICATIONS

Charging power	Payment / access
120 kW, dynamic dual-gun	Embedded Nayax VPOS Touch · RFID
Max output current	Communication
150 A (up to 200 A per gun)	4G · Ethernet
Output voltage range	Smart control
200-1000 Vdc	OCPP 1.6J
Supply voltage	Operating temp
400 Vac	-20 degC to +50 degC
Max input current	Protection
200 A	IP54
Charging standard	Dimensions (WxDxH)
IEC 61851-1 / -23	750 x 550 x 1800 mm
Connectors	Weight
2 x CCS2 · 5 / 7 m	300 kg
Display	
10" colour touchscreen
